

Cape Burney to Dongara Coastal Vegetation Survey

Project Number: 08N03-02-02

Project Start Date: 27/10/2009

Project Completion Date: 31/12/2009

Project Description

The Department of Planning, City of Geraldton-Greenough and the Shire of Irwin have initiated a coastal planning project to develop a strategy for the coastal strip between Dongara and Cape Burney (study area). This strategy will provide planning guidance for future sustainable development, subdivision and land use along the Dongara to Cape Burney coastal strip and will enable development to be underpinned by sound environmental principles. It will result in the development of a strategic coastal management plan that will be used by planners, developers and the community.

It has been identified that further information is required to identify all of the conservation values of the area. At present very little floristic survey work has been completed within the study area to date and further information is required to adequately assess the conservation significance of existing vegetation.

A vegetation survey to map the vegetation communities and the vegetation condition within the Dongara to Cape Burney coastal strip is required. The information resulting from this survey will assist in identifying areas of conservation significance and will provide a regional context for making decisions about development proposals within the study area that may impact native vegetation.

Delivery Organisation: Ecoscape

Total Funding: \$31,180

Geraldton

Location: 18 Chapman Road, Geraldton
Postal : PO Box 7168, Geraldton, 6530
Phone: (08) 9964 9774
Fax (08) 9964 9776

Moora

Location: 1 Padbury Street, Moora
Postal: PO Box 407, Moora, 6510
Phone: (08) 9653 1266
Fax(08) 9653 1277

Perenjori

Location: Corner of Fowler Street and Timmings
Street, Perenjori
Postal: PO Box 95, Perenjori
Phone: (08) 9973 1444
Fax: (08) 9973 1464
