

Project Number: 051NRMO - 17

Project Start Date: 1/1/2007

Project Completion Date: 30/06/2009

Project Description

The role of this position is to work with landholders, local community groups and regional organisations to coordinate and deliver farm forestry projects at a property and sub-regional level to implement the regional NRM strategy. 80% of the position's time is to be targeted at NACC's high priority salinity control catchments. Key strategies include, assisting with on-ground delivery of the Targeted Investment Program, building capacity of individuals and communities, being a point of first contact for landowners and groups for information on farm forestry, providing extension services and maintaining effective working relationships with key stakeholders.

Delivery Organisation: Forest Products Commission
