

Project Number: 08N02-02-04

Project Start Date: 24/11/2009

Project Completion Date: 31/12/2009

Project Description

Greening Australia (WA) will undertake native seed collection within the Northern Agricultural Region (NAR), as part of the Northern Agricultural Catchment Council's High Value Biodiversity Protection Program.

The native seed collection program will collect from rare and restricted remnant vegetation on areas where permission has been granted. Greening Australia (WA) will undertake up to 3 collection events to ensure the collection consists of as diverse a range of species as possible. All native seed collected will be cleaned to a high standard and returned to the NACC for use in local biodiversity projects.
