

Threatened and Invasive Species Management

Project Number: 08N-01

Project Start Date: 1//07/2008

Project Completion Date: 31/12/2009

Project Description

This program will contribute to the management, protection, and conservation of critically endangered and threatened species and communities in the NAR by targeting the implementation of nationally threatened flora and fauna recovery plans, controlling feral animals and weeds – specifically in high value biodiversity areas. Also increasing the protection of habitat for threatened local fauna, and enhancing community awareness, engagement and increased participation.

Delivery Organisation: NACC and partners

Total Funding: \$709,500
