

Project Number: 08N-02

Project Start Date: 1/07/2008

Project Completion Date: 31/12/2009

Project Description

This program aims to ensure that regional biodiversity is maintained and protected for all terrestrial, aquatic and marine habitats. The program builds on existing biodiversity identification and recovery activities across the region, particularly the "Hidden Treasures" project, to target the protection and management of high value native vegetation using an array of market-based instruments and incentives. Community capacity will be developed to encourage effective participation.
